

The attached 1,798 commenters signed the following statement.

"The Russian government used Facebook and social media platforms to interfere with the 2016 election.

We need to use every lever at our disposal — including ending secret online political ads — to prevent that from happening again, and to ensure that Americans know the source of political messages.

The FEC should require online campaign ads to include disclaimers as to who is paying for them — just like is done for television and print advertisements."

Dear Federal Election Commission,

We are pleased to present you with this petition affirming this statement:

"The Russian government used Facebook and social media platforms to interfere with the 2016 election.

We need to use every lever at our disposal — including ending secret online political ads — to prevent that from happening again, and to ensure that Americans know the source of political messages.

The FEC should require online campaign ads to include disclaimers as to who is paying for them — just like is done for television and print advertisements.

"

Attached is a list of individuals who have added their names to this petition, as well as additional comments written by the petition signers themselves.

Sincerely,
Courtney Fuller

Much as I enjoy using Facebook as a platform for discussion with my friends, I recommend Facebook be dismantled from use by everyone until such time as their staff can figure out how to prevent this from happening in the future. CONSEQUENCES!!!!

This is insanity! Why is there any debate about allowing a foreign power to influence a U.S. election via social media? Russia has effectively seized control over the U.S. government by getting Trump elected. They have initiated division in the country and created a non functioning government which has lost all sense of respect on the world stage and has become irrelevant.

I believe we need to do everything possible to prevent a recurrence of the apparent meddling by Russia in the 2016 election. This sounds like a good move in that direction. In addition I hope congress will advocate making effective changes after meeting with top social media companies recently. Media and social should identify where their ad money comes from with a link tied to company, groups or person's website page and Facebook page. Plus the owners of media outlets should note whether or not they vetted the clients. If not, it should be noted in large red caps that this ad is for entertainment purposes only.

The FEC must be lawful, just, and put meaning and teeth into law and regulation to regulate all media, especially internet. NO FOREIGN ENTITY OR MONEY CAN BE ALLOWED INTO OUR EDUCATION/COMMUNICATION TO SPREAD MISINFORMATION, LIES, DIVISIVE PROPAGANDA FOR ELECTIONS OR ANYTHING ELSE. THE ONE LEGAL COUNSEL IN THE HEARING SAID, "IN HINDSIGHT, WE WOULD HAVE DONE", THIS OR THAT, WELL, THAT'S NOT GOOD ENOUGH. THEY MUST BE CORRECTED, AND ALL AMERICANS MUST BE DISCLOSED WITH WHAT HAPPENED IN 2016.
